

**USTC**  
University of Science and  
Technology of China

# Welcome to Study at USTC

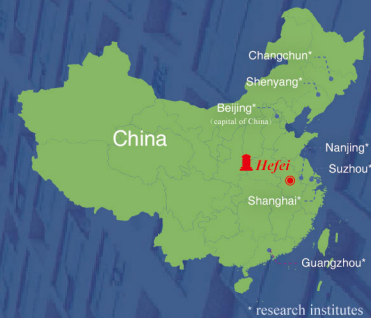

The University of Science and Technology of China (USTC) is the first university established by the Chinese Academy of Sciences (CAS). It is noted for its advanced science and high technology programs, unique management studies and well-tailored disciplines in the humanities and medical sciences.

As a prominent university, USTC is a member of the C9 League, consortium of top 9 universities in China, and ranks *top 5 in China's mainland* and *top 100 globally in the latest world university rankings*.

USTC has 3,212 teaching and research staff members, including 1,181 professors and 1,149 associate professors (or equivalent professional titles). Among them are 779 distinguished scholars and leading experts—such as members of the Chinese Academy of Sciences and the Chinese Academy of Engineering—accounting for 45.3% of the full-time faculty. Nobel laureates and world-renowned scholars visit USTC regularly, face-to-face with students.

USTC is particularly strong in Quantum Science, Physics, Material Science, Chemistry, Engineering, Computer Science, Energy Science and Technology, Nanotechnology, High-Temperature Superconductivity, Speech Processing, Fire Science and Life Science.

USTC offers *38 undergraduate programs*, *78 master's programs*, and *89 doctoral programs* in Mathematics, Physics, Chemistry, Life Sciences & Medicine, Material Science, Engineering, Electronic Information, Computer Science, Earth and Space Sciences, Management Science, etc. in *34 schools and institutes*. Among them, some master's programs and all doctoral programs can be conducted in English.

Apart from the six main campuses in Hefei, the capital of Anhui Province, USTC also has institutes in Beijing, Shanghai, Suzhou, Nanjing, Guangzhou, Changchun, and Shenyang.

## Why select USTC?

Top University	Diversified International Student Programs	Competitive Scholarships	38 Undergraduate Programs	78 Master's Programs	89 Doctoral Programs
