Application Procedures

Step 1 : Participate in China Scholastic Competency Assessment

Applicants must take the China Scholastic Competency Assessment(CSCA) organized by the China Scholarship Council (CSC) under the Ministry of Education of the People's Republic of China and obtain the test scores. For specific test schedule and content, please visit the official CSCA website (www.csca.cn). For detailed requirements of test subjects, please refer to Study at Beihang website (http://is.buaa.edu.cn).

Step 2 : Register on Beihang International Student Online Application System

Register on http://admission.buaa.edu.cn with your frequently used personal email address, and fill out the application form following online requirements.

Step 3 : Upload the Application Documents Online

Submit the scanned copies of the required documents online:

1. Information page of ordinary passport (the expiry date should be after March 1st, 2027). Applicants currently in mainland China must also provide the valid visa page or residence permit page
2. High School Graduation Certificate (expected graduation certificate from the high school currently studying at can also be accepted, the original copy of high school graduation certificate will be verified at the time of registration)
3. The transcripts that covers all subjects in the period of high school
4. Transcript of the China Scholastic Competency Assessment(CSCA)
5. Proof of language proficiency that meets the language requirements for the applied major
6. Foreigner Physical Examination Form and the Report on Blood Examination within the validity period of 6 months
7. Financial guarantor letter
8. Financial guarantor proof (bank deposit of no less than 4 years tuition fee or annual income of no less than 30000 RMB)
9. Birth certificate of applicant
10. Documents proving the nationality of the applicant's both parents at the time of the applicant's birth (including passports, ID cards, the certificates of permanent resident abroad, etc.)
11. Certificate of Non-Criminal Record within the validity period of 6 months issued by the local public security authority (Applicant who is currently in China must provide a certificate of no criminal record issued by the local exit-entry administration)
12. An Integrity Commitment Letter to ensure the authenticity of all the application materials provided
13. Applicants under the age of 18 as of Sept 1st, 2026 should submit a notarized Guardian Guarantee Letter. The guardian should be an adult who resides in the city where the campus is located (Beijing or Hangzhou) with a source of income.
14. Other supplementary materials (such as award certificates, etc)

- The personal email address is an important channel for feedback on application and admission information. It cannot be changed from the time of application submission until enrollment.
- The language of documents should be in English or Chinese or attached with Notarized translation document in English or Chinese.
- When uploading, please submit the scanned copies of the original documents mentioned above. Hard copies of the documents are not required.
- Applicants for art majors should also submit a portfolio of paintings as required.

Step 4: Pay the Application Fee and Submit the Application Officially

Follow the website guidelines to pay the application fee and upload the payment voucher; after the application fee is verified and approved, officially submit the application.

- After successfully submitting your online application, please pay attention to the status of the online application system and your personal email in time.

Schedule

Application Period **Nov.1** 2025 ~ **Jun.30** 2026

Applicants need to submit online application information and scanned copies of application materials before this date

Registration Date **Sept. 2026**

The specific date will be published on the admission notice

北京航空航天大學

BEIHANG UNIVERSITY

2026 UNDERGRADUATE PROGRAM

About Beihang

Founded in 1952, Beihang University is the first institution of higher education dedicated to aeronautics and astronautics in China. As one of the top key universities in China, supported by all national initiatives such as “Project 211”, “Project 985” and the “Double First-Class Initiative”, Beihang is a leading comprehensive university today and is accelerating its development into a world-class university rooted in China.

Beihang consistently stands at the forefront of research and innovation while shaping the future with high-quality education. It encompasses 10 discipline categories: engineering, science, management, humanities, law, economics, philosophy, education, medicine, and interdisciplinary studies. Beihang is renowned for its leading edge in various disciplines such as aerospace science and technology, instrument science and technology, materials science and engineering, software engineering, control science and engineering, computer science and technology, mechanics, transportation engineering, management science and engineering, and biomedical engineering. Eight of its disciplines have been selected into the “Double First-Class Initiative”.

Committed to openness and global engagement, Beihang has established long-term and stable partnerships with over 200 universities, research institutions, enterprises, and international organizations worldwide. It actively attracts outstanding talent globally and ranks among the leading universities in China for its level, quality and scale of international student education. At present, over 2,000 international students from more than 140 countries are studying at Beihang, creating a vibrant, multicultural community.

We warmly welcome you to join Beihang University to embark on an academic journey of excellence, innovation, and global perspective. Study at Beihang, Light the Dream.

Majors Taught in Chinese

理工类 Nature Science and Engineering

School of Materials Science and Engineering 材料科学与工程学院
- Materials Science and Engineering 材料科学与工程
- Nanomaterials and Technology 纳米材料与技术

School of Electronic Information Engineering 电子信息工程学院
- Electronic Information Engineering 电子信息工程
- Communication Engineering 通信工程
- Electronic Science and Technology 电子科学与技术

School of Automation Science and Electrical Engineering 自动化科学与电气工程学院
- Automation 自动化
- Robot Engineering 机器人工程

School of Energy and Power Engineering 能源与动力工程学院
- Energy and Power Engineering 能源与动力工程

School of Aeronautic Science and Engineering 航空科学与工程学院
- Flight Vehicle Design and Engineering 飞行器设计与工程
- Aircraft Environment and Life Support Engineering 飞行器环境与生命保障工程
- Engineering Mechanics 工程力学
- Aircraft Control and Information Engineering(Aeronautics) 飞行器控制与信息工程（航空）
- Low-Altitude Technology and Engineering 低空技术与工程

School of Computer Science and Engineering 计算机学院
- Computer Science and Technology 计算机科学与技术
- Virtual Reality Technology 虚拟现实技术

School of Mechanical Engineering and Automation 机械工程及自动化学院
- Mechanical Engineering 机械工程
- Aircraft Manufacturing Engineering 飞行器制造工程
- Micro-electromechanical Systems Engineering 微机电系统工程
- Industrial Design 工业设计
- Robot Engineering 机器人工程
- Intelligent Manufacturing Engineering 智能制造工程

School of Biological Science and Medical Engineering 生物与医学工程学院
- Biomedical Engineering 生物医学工程

School of Transportation Science and Engineering 交通科学与工程学院
- Vehicle Engineering 车辆工程
- Smart Transportation (Intelligent Transportation) 智慧交通（智能交通）
- Smart Transportation (Intelligent Transportation Infrastructure) 智慧交通（智能交通基础设施）
- Aircraft Airworthiness Technology 飞行器适航技术

School of Reliability and Systems Engineering 可靠性与系统工程学院
- Safety Engineering 安全工程
- Quality and Reliability Engineering 飞行器质量与可靠性

School of Space and Earth Sciences 空间与地球科学学院
- Space Science and Technology 空间科学与技术
- Applied Physics (Space Science) 应用物理学（空间科学）

School of Artificial Intelligence 人工智能学院
- Artificial Intelligence 人工智能

School of Instrumentation and Optoelectronic Engineering 仪器科学与光电工程学院
- Optoelectronic Information Science and Engineering 光电信息科学与工程
- Measurement and Control Technology and Instrument 测控技术与仪器

School of Software 软件学院
- Software Engineering 软件工程

School of Integrated Circuit Science and Engineering 集成电路科学与工程学院
- Microelectronics Science and Engineering 微电子科学与工程

School of Physics 物理学院
- Applied Physics 应用物理学
- Nuclear Physics 核物理
- Physics 物理学

School of Chemistry 化学学院
- Applied Chemistry 应用化学

School of Astronautics 宇航学院
- Flight Vehicle Design and Engineering (Astronautics) 飞行器设计与工程（航天）
- Aircraft Power Engineering (Astronautics) 飞行器动力工程（航天）
- Aircraft Control and Information Engineering 飞行器控制与信息工程
- Intelligent Aircraft Technology 智能飞行器技术（航天）
- Intelligent Electric Propulsion Technology of Flight Vehicle(Astronautics) 空天智能电推进技术（航天）

中法工程师学院 l'Ecole Centrale de Pékin
- Mathematics and Applied Mathematics 数学与应用数学
- Information and Computing Sciences 信息与计算科学
- Applied Physics 应用物理学
- Engineering Mechanics 工程力学

Evaluation and Admission Process

1. Participate in China Scholastic Competency Assessment
2. Register on International Student Online Application System http://admission.buaa.edu.cn/
3. Upload Application Documents Online
4. Integrative Assessment Organized by Beihang University
5. Pre-admission Notice
6. Scholarship Review
7. Official Admission Notice

Fees

Application Fee

Pay **400 Yuan** application fee online

The application fee is non-refundable in all cases, regardless of whether the application is successful or not.

Study Duration & Fees

Study Period: 4 Years

Tuition Fees:

- Programs taught in Chinese :
  Science, Engineering, Management, and Literature, Law majors: 25000 Yuan/Year
  Biomedical Engineering, Visual Communication Design and Painting Majors: 30,000 Yuan /Year
- Programs taught in English: 30,000 Yuan /Year

Comprehensive Medical and Accident Insurance: 3,200 Yuan /4 Yr. (All students must buy a four-year comprehensive medical insurance when registering.)

Accommodation

International Students Dormitory, double room.

Campuses in Beijing: 30Yuan/Day, per bed

Hangzhou International Campus: 2,000~2,500 RMB per academic year per bed

- International Students Dormitory shall be reserved in advance.
- The dormitory reservation method will be released after the official admission.
- The accommodation fee is based on the actual arrangement for accommodation at the time of registration, and the cost does not include utilities.
